[illegible]

- 
- A stainless steel built-in grill is mounted on a stone countertop. The grill features a warming rack on top and a side burner on the right. The countertop is made of a light-colored, textured material, and the grill is set into a recessed area. To the right of the grill is a stainless steel storage cabinet with a handle and ventilation slots. The background shows a swimming pool and some landscaping.

Available in 24", 36" and 48"  
widths. All units are 33" deep.

- Patented bracket and panel system makes for easy installation
- Strength and durability of concrete
- 2-foot, 3-foot and 4-foot long panels
- Cabinets weigh approx. 70lbs/linear ft.

# Outdoor Pizza Ovens

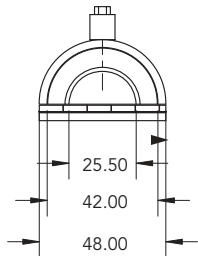

- Temperatures reach up to 800 degrees!
- Optimum design for heat retention
- Includes enough firebrick to finish the unit
